

## VISION

The Academy of Science & Medicine challenges a diverse group of students to achieve at the highest levels so they can contribute in significant ways to science, medicine, and their communities.

## About Us

- Rigorous honors and dual credit program
- Preparing students for 4-year college degrees
- Integrated Science, English & Technology curriculum
- Hands-on learning, community-based experiences and internships

## MISSION

The Academy of Science & Medicine emphasizes the attainment of skills for future scientists and medical professionals through inquiry, critical thinking, and effective communication in the context of an integrated curriculum and community partnerships.
